Workshops
Awards & Recognition Luncheon

The Georgia Department of Human Resources, Division of Family and Children Services is pleased to announce the 2008 Safe Families Symposium to be held April 24 – 25, 2008. The latest in a series of statewide training and technical assistance conferences, the Symposium is an opportunity for front-line workers, supervisors and community-based service providers involved in providing services to children and their families to expand their skills in the area of assessment-driven, family-centered practice. Hosted by the DHR Promoting Safe and Stable Families program, this year's offering includes workshops and training led by national and state child welfare experts.

We look forward to seeing you there!

Schedule of Events and Registration Information will be available soon.
