

Promoting Safe and Stable Families...

Georgia's Promoting Safe and Stable Families program provides federal funding, training and technical assistance to community-based, non-profit organizations to help vulnerable families stay together. Assistance includes services to improve parenting skills, help families in crisis, and reunify families whose children have been placed in foster care. When children cannot be safely reunited with their families, the program works to promote the adoption of children out of the foster care system.

Time-Limited Reunification Services

To address the problems of families whose children have been placed in foster care so that reunification may occur in a safe and timely manner.
